World Veg Day – 1/10/2021

Cake Mixing Ceremony

With the ringing in of the festive season, VMSIHEalways marks the atmosphere of celebrating festivities and events in a joyful spirit.

Fruit mixing has become part of the milieu across India in recent times. Fruit mixing is an age old practice which brings people together to mark the arrival of the festive season.

As we all know Christmas is not Christmas without the traditional preparation of Christmas goodies, weeks in advance.The fruits soaked in liquor develop a rich and exciting flavour and are used to make tasty Christmas cakes and puddings.

Chef Sebastian made arrangements on 5th October 2021 for the cake mixing ceremony. Director/Principal, Prof. Irfan Mirza,led the group of staff and students and began the cake mixing ceremony with a lot of exuberance.

Knowledge Enhancement

Workshop on Food Adulteration, Food Fraud and Food Safety

Shri. Richard Luis Noronha, Designated Officer, Directorate of Food & Drugs Administration, was invited to our institute for conducting a workshop on Food Adulteration, Food Fraud and Food Safety on 25th September 2021.

Mr. Richard Noronha spoke about different food frauds and explained in detail where, how and what precautions to take as a food handler. He used real life experiences as examples and managed to get participants' attention and interest.

The session was very informative and the kitchen staff & other participants acquired additional knowledge about food fraud and food safety.
