POLICY

Roll of QC in Educational Institute

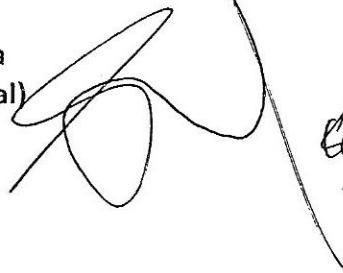

The Internal Quality Assurance cell (IQAC) plays a crucial role in ensuring and enhancing the quality of education.

Key Rolls

1. Quality assurance IQAC is responsible for **developing and implementing quality assurance mechanism** to monitor and evaluate the overall performance of the Institution. It establishes benchmarks and quality parameters to ensure that the educational institute meets the desired standards.
2. **Accreditation and Compliance:** IQAC assist in the process of accreditation and compliance with regulatory bodies and quality assurance agencies. It helps the institution prepare of accreditation visits, ensure compliances with standards and facilitate documentation and reporting required for accreditation purpose.
3. **Continual Improvement:** IQAC promotes the culture of continual improvement by conducting regular internal assessments and evaluations. It collects feedback from the stakeholders including students, faculty and staff and uses this information to identify areas of improvement and implement necessary changes.
4. **Planning and Implementation:** IQAC collaborates with various departments and stakeholders to develop and implement strategic plans, policies and initiative related to quality enhancement. It ensures that institution's goals and objectives align with the overall vision and mission of the organization.
5. **Training and Capacity Building:** IQAC facilitates training and capacity building programs for faculty and staff to enhance their teaching and administrative skill. It promotes professional development opportunities and encourages the adoption of innovative teaching methodologies and technologies.
6. **Best Practices and Bench Marking:** IQAC identifies and promotes best practices in teaching learning, research and administration. It benchmarks the institution's performance against national and international standards and encourages the adoption of effective practices from other institutions.
7. **Quality assurance in research:** IQAC also plays a role in ensuring quality of research activities within the institution. It promotes ethical research practices, monitor research outputs and facilities celebration and funding opportunities for research projects.

Overall, IQAC acts as a driving force for quality enhancement in an educational institute. It fosters a culture of continual improvement, ensures compliances with standard and promotes excellence in teaching, research and administration.
