The Goa University Alumni Association has been formed sometime back. It has been noticed that some of our Alumni who are working as Faculty in the Affiliated Colleges have still not yet registered with the Goa University Alumni Association.

The University is trying its best to have a database of all the Alumni working in Goa and elsewhere and is taking all the possible efforts to reach out to all of them.

It is requested that the Principals of the Affiliated Colleges may bring the contents of this Circular to the notice of the Alumni of Goa University working as Faculty in their Colleges and they may please be advised to enroll as Alumni by clicking on the link provided on the University Home page-Quick Links- Goa University Alumni Association.
